# HGV Driver / Workshop

**Summit Platforms is a National Powered Access rental company. Operating a large fleet of equipment across the UK.**

**Summit Platforms Bristol has an opportunity for someone with varied skills, ranging from HGV Class 1 to general support for our workshop engineering team.**

The role is an exciting opportunity for the right candidate. As our business has expanded over the past 5 years, we require a full time HGV class 1 driver for holiday cover but with the skills to also support our growing engineering team, carrying out a varied and wide range of activities.

The job would be suited to someone that likes a different challenge each day, who is happy to react to challenges on a daily basis and is happy to support a range of different functions within our business.

## **Qualifications required - HGV Class 1**

All other duties would not require any recognised qualifications, however the ideal candidate is someone that is happy to turn their hand to many different challenges.

### **Below is a brief overview of some of the duties covered in this role:**

- Covering annual leave to assist with operational efficiencies
- Driving vehicles for rapid response requirements
- Helping maintain vehicle compliance for the benefit of the business
- Working closely with the manager, transport coordinator & senior engineer
- Working within different departments of the business
- Training provided in operation, loading and security of powered access machinery

The position will be reporting directly to the business General Manager via the engineering and transport team leaders.

This is a permanent positions with an excellent remuneration package and benefits.
