About the Employer

Summit Platforms

Summit Platforms Ltd is a national provider of powered access and telehandlers throughout the UK, as well as associated training, contract hire and machine sales.

We are dedicated to providing the latest in modern equipment accompanied with the highest levels of customer service. Every Summit Platforms depot has a locally based hire desk team to look after our customers' requirements, using their extensive knowledge of the industry and the local area they serve. Our hire desk teams are supported by our teams of highly skilled engineers who ensure the equipment our customers receive is of the highest quality.

Summit Platforms have grown rapidly since it was founded in 2014 and now operate one of the largest and youngest fleets in the UK. We are dedicated to providing our engineering teams with a safe, secure, fulfilling and challenging work environment, with an emphasis on training, mentoring and career progression.
